

## EMINENT GOLD CORP.

FOR IMMEDIATE RELEASE

---

### Eminent Terminates Option on Spanish Moon

**Vancouver, Canada, December 18, 2023 – Eminent Gold Corp.** (TSX-V: EMNT) (OTCQB: EMGDF) (the "Company" or "Eminent") announces it has elected to terminate an option agreement on the Spanish Moon property with Optionor, Nevada Select Royalty Inc. as well as the Barcelona Property optioned by A. Bryce Sorenson (collectively "Spanish Moon").

After realizing recent new permitting challenges associated with Spanish Moon, the Company decided it does not wish to proceed with the Spanish Moon project and associated claims. Eminent will focus its efforts on its drill ready flagship Hot Springs Range Project, a direct analogue to the 42mm oz Getchell Trend, which has world class Carlin style potential, as well as on Gilbert South, where the Company's geophysical, geochemical, and mapping programs show the potential for bonanza style epithermal gold veins in the very prolific environment that is the Walker Lane.

**Paul Sun, President and CEO of the Company commented:**

"In preparation for an improving gold market, and a more focused approach we have rationalized our portfolio to two of the four projects we had options on. Hot Springs Range and Gilbert South are accessible, ready to drill, and we believe offer the best potential for major gold discoveries in Nevada for shareholders."

Mr Sun further commented, "We are currently working towards our 2024 plans and are looking forward to resume marketing the company as we prepare to drill some of the most exciting gold exploration projects we are aware of globally in the coming months."

*"Paul Sun"*

CEO and Director
